	APPROVAL	OF STA	TE ENGINEE	R		
This is to certify following limitations ar	that I have examined the foreg	going application	on, and do hereb	y grant the same, subj	ect to the	
This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 30905 is issued subject to the terms and conditions imposed in said Permit 30905 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.  The total combined duty of water allowed under Permits 45913, 45914, 45915, 45916, 45917, 45918, 45919, 45920, 45921, 45922, and 45923 shall not exceed 2.22 billion gallons per year.						
The amount of water t	to be changed shall be limited to	to the amount	which can be ap	oplied to beneficial use,	, and not	
to exceed	4.0	cubic feet	per second .	out not to exceed	943.620	
million gallons	annually.					
Work must be prosecut	ted with reasonable diligence an	nd be complete	ed on or before	May 17, 1984		
Proof of completion of	work shall be filed before			June 17, 1984		
Application of water to	beneficial use shall be made on	n or before		May 17, 1986		
Proof of the applicatio	n of water to beneficial use sha	all be filed on	or before	June 17, 1986		
Map in support of proof of beneficial use shall be filed on or before.  June 17, 1986
